BURNS WAS TOO PROUD

He Preferred to Suffer With His Family in a Wagon.

DEFIED THE POOR AUTHORITIES

When They Attempted to Show Him That the Lives of His Wife and Children Were In Danger.

Burns and his family passed through town Wednesday afternoon from the east. They belong in Chillicothe, and last summer fitted out a wagon for the purpose of driving through to Indiana. The wagon was covered with canvas, and drawn by a dirty white horse, as old and decrepit as the vehicle. They decided to return to Ohio by a northern route and going to the Pennsylvania line reach home by easy stages, but the cold weather caught them and they have suffered a great deal.

They presented an appearance calculated to excite pity as they passed through the city, but they said nothing to any one. Driving to a point near the Brown residence Burns unhitched his horse, built a fire and made himself and family as comfortable as possible. They had no stove in the wagon and what they suffered during the night can never be known. They put in the night as best they could and were very cold Friday morning.

Infirmary Director Baker, Superintendent Lennen and Trustee King learned of the family's condition. Upon investigation they found the family was composed of Burns, his wife and three children aged six months and two and three years. The thought of the infants being exposed to zero weather appealed to the officials, and they determined to move them to the infirmary at once and give them every care until the weather moderated enough to let them go on their way.

Burns, however, had other plans He refused point blank to go to the infirmary or permit the authorities to look after his wife and children. He wanted to fight and declared he would not be taken nor would he permit his family to be removed from the wagon Mrs. Burns caught up her infant and ran down the road in the snow fearing the officials would take it Burns said he was determined to get home as soon as possible and he could not be induced to change his view.

So sturdily did the man maintain his position that the officials decided to let him pursue his way to live or freeze as he saw fit and the fates decreed They had their trip for nothing, but they are yet unable to understand why any man would expose his helpless children to suffering and perhaps death when they could have warmth and comfort. What the family suffered Thursday can best be imagined.

FIVE MEN KILLED

Boilers Let Go in Pittsburg With Awful Results.

[Special Telegram to THE AGE.]

PITTSBURG, Dec. 20 Four boilers at Park Brothers' Diamond steel works exploded this morning with awful force. Five men were killed and 12 or more injured. Some of the injured will die.

The cause of the accident is unknown.

CUT A LIGHT WIRE.

Connections Were Broken And Coshocton Was Dark For Half an Hour.

Thursday afternoon a party of telephone linemen were drawing a wire through the alley between Fourth and Fifth when it dropped from its fastenings and fell on an important electric light wire. The man at the rope pulled harder and in a few minutes the telephone wire had cut through the other and lights went out. Complaints at once poured in at the station, but the accident was known there and a force under Superintendent Rokobrant soon had the break repaired. The accident caused some annoyance, but the promptness with which the light company repaired the break prevented consequences of any particular importance.

EIGHT DEGREES BELOW

It Was a Cold Morning and There Was Trouble in Town

Coshocton has become accustomed to zero weather the past week and when the early riser stepped forth to meet the morning mist he was not surprised to find the mercury comfortably resting at eight degrees below nothing. It had doubtless been colder during the night, and by 8 o'clock four degrees gave promise of a pretty day.

It was a pretty morning, the prettiest of the winter, and when Old Sol peeped through the mist he found every tree and wire in Coshocton covered with frost Branches sparkled like Christmas trees and wires were heavy ropes stretching from pole to pole It was a beautiful sight, and many a shivering pedestrian stopped and looked about in wonder.

PARALYZED SCHEDULES

Railroads Continue to Suffer Because of the Cold.

Passenger schedules on the Pan Handle have been suffering from partial paralysis for several days, and trains from the east have been hours late where in ordinary circumstances they are seldom behind more than a few minutes. The fast train west, No. 21, was five hours late Thursday, while the mail due here at noon did not arrive until the shades of evening were about to drop.

Trains from the west are almost all on time. The Pennsylvania has had many things to contend with since the cold wave began business between Chicago and New York.

A MERRY CHRISTMAS

Is in Store For Coshocton's Twenty-five Little Orphans.

NICE TOYS SENT TO THE HOME

Were Purchased by The Ladies of The County Board of Visitors—Success of The Experiment.

When Christmas morning dawns the 25 little waifs from Coshocton county who are being cared for at the Tuscarawas Children's home near Canal Dover, will find that their patron saint has not forgotten them The success of the movement inaugurated by the ladies of the county board of visitors to give these little ones a merry Christmas has been marked

When the plan was decided on several months ago the ladies asked contributions from the public, and jars were placed on counters in business houses. The people contributed of their small change and when the jars were opened they were found to contain $15. Mrs. Nugent, the matron, was asked for suggestions as to what the children would like best, and the ladies also used their own good sense in making purchases.

They bought books, wagons, dolls, handkerchiefs, gloves and a great many other things dear to the heart of the average child, and the Wooden Novelty company contributed building blocks, tool chests and pencil boxes, making a Christmas present that delighted the ladies.

The work was all done Thursday evening and the presents were packed in two large boxes and sent to the home. There they will be distributed Christmas morning, and if the good people of Coshocton who helped the ladies in the good work could see the little waifs as they enjoy their toys they would be amply repaid for their contributions.

The ladies who carried out the plan so successfully are Mrs. Rue, Mrs Ward and Mrs. Hay.

HIT BY A TRAIN.

Aged Mail Carrier at Franklin Was Not Recover.

James Hummer, the aged mail carrier at Franklin, was struck by Pan Handle train seven this morning. He is believed to be fatally injured.

Hummer, who is 84 years old, had taken the mail from the village to the station for train ten and was standing near the west bound track when the accident happened. The engineer saw him and sounded the whistle, at the same time endeavoring to stop the train. But he was too late. Hummer did not hear him and was struck. He was hurled 25 or 30 feet through the air and alighted in a heap on the frozen ground

A number of persons witnessed the accident, and running hastily to where Hummer lay picked him up. He was found to be badly hurt, and he was taken home to his aged wife. Doctor Carr was summoned from Coshocton. It was believed at 1 o'clock this afternoon that Hummer could not live, and his friends were anxiously awaiting the coming of the physician who left Coshocton as soon as he learned of the accident.

VERY SUCCESSFULLY

Has the Hot Water Heating System Stood the Cold.

The skeptics who believed the hot water heating would not endure in cold weather are acknowledging it to be the finest heat Coshocton has ever known. During the most severe weather of the cold snap the right temperature was maintained in every place where the system has been installed and praises for its efficiency are heard on every hand.

The company have a large force employed extending the system to buildings along the line. It has been placed in the second story of the Forbes building, and other places will be supplied as soon as possible.

A LITTLE MORE SNOW

Will Make The Best Sleighing Coshocton Has Known in Years.

The presence of a little more snow would make glad the heart of every man in Coshocton who owns a sleigh, and liverymen would reap a harvest People coming from the country say the roads are as smooth as in midsummer and if the snow was deeper sleighing would be unexcelled As it is a number of sleighs and farm sleds come to the city every day and the occupants enjoy the sport in spite of the cold.

Ice is thick on the basins and many young people were skating last night. The presence of snow keeps a great many away while the cold has its influence. The ice is rough in some places and the sport is anything but ideal, yet the Coshocton man and maiden are not to be put out by trivialities of that sort. They fear real winter has come too soon to last

GOOD MUSIC

FOUR COLD IN DEATH.

Night of Reveiry Had a Tragic Termination—Ohio News.

Columbus, O., Dec. 18. — Two men and two women, all partially disrobed, were found dead in their rooms at 52 East Russell street. The dead: Sherman Lothan [illegible], a cabinetmaker; J. W. Jacobs, chef Manhattan restaurant; Pearl Warner, second cook Manhattan restaurant; Louise Cline, third cook Manhattan restaurant. The presence of a strong odor of chloroform and the fact that the keyholes, the fireplace and all the crevices of the room had been carefully stopped with pieces of paper, gave the impression that they had entered into a compact to take their lives and had carried it out to the letter. They had spent the night in drinking and empty [illegible] whisky and wine bottles were found strewn about the room.

A theory is advanced that a [illegible] murder and [illegible] the remaining members of the party. It is believed by some that Miss Warner administered the chloroform to her companions and when they were dead inhaled the fumes [illegible] herself [illegible].

Both Perished.

While they were asleep the gas came on with great [illegible] and the fumes which were thrown off by the incomplete combustion [illegible] the men overcame them and finally resulted in their death.

Engagement Rumor Denied.

Springfield, O., Dec. 18. — Miss Eleanor Ludlow, daughter of Charles Ludlow, a prominent citizen, and niece of ex-Governor Bushnell, said: "There is positively no truth in the report of the engagement of Captain Hobson and myself. You will do me a favor to deny it and you can not make the statement too emphatic."

HUGE RAILWAY COMBINE

Details of Plan Advanced by Paul Morton.

NATIONAL OWNERSHIP SUGGESTED

Vice President of the Santa Fe System in a Lecture at Chicago University Favored the Consolidation of All Lines In the United States. Plea For Pooling.

[illegible]

It [illegible] "Some Railway Problems" [illegible] before the students and faculty of the University of Chicago in [illegible] hall, Chicago, says the New York Journal.

[illegible] ownership of the [illegible] [illegible] in the hands of private individuals [illegible] Mr. Morton expressed himself as unable to [illegible] but that such [illegible] itself would be [illegible] in the near future he stated as certain from present conditions in the railway world and the underlying tendencies of modern industrial progress.

"The best minds of the business world are engaged today," said Mr. Morton, "[illegible] great plans for the further consolidation of industrial operations on a great scale. The same tendency is at work in the railway world.

"Under the present laws there is a great deal of unlawful pooling done in secret, and it is remarkable that there is not more.

"I see only three solutions to the problems which are at present vexing the railroad world. These are:

"First.—Legalizing of legitimate pooling.

"Second.—Unification of ownership of all the railway systems.

"Third.—Government ownership and management.

"I have always been in favor of legitimate pooling. Its absence, as I say, is at present hastening the consolidation of interests between the different railroads. Personally I view the solution of unity of ownership as much better than legalized pooling, and I do not see any harm that would ensue from a consolidation of all the railway interests of the country under a single private management.

"A vast amount of money could be saved under such a system of control, and the railroad management would certainly give a part of this gain to the public in the shape of lower rates and better service."

SURPRISED BY BOLOMEN.

How Unarmed American Soldiers Defeated a Number of Filipinos.

Interesting details are drifting in of the bravery of the soldiers surprised and massacred at Balangiga, writes the Manila correspondent of the New York Evening Post. Prodigies of valor were performed by some of the men, armed with table knives, stones, clubs or other rude weapons. A hospital corps man is credited with killing eleven natives with a shovel, while another man beat out the brains of four bolomen with a baseball bat before he went down. A sergeant of Company C at [illegible] six men fought their way to the headquarters building to rescue the officers if possible. The officers were all dead, but the little squad held its ground until it had hauled down and saved the flag, when it fought its way back to the beach and sailed away.

[illegible] explanation of how so many men with bolos could be so near the quarters of the troops is that between [illegible] and [illegible] natives were employed to [illegible] the surrounding grounds. The [illegible] were furnished by the presidente of the village, and they were permitted to carry their bolos, as part [illegible] was the cutting of [illegible]. These were the men who, at a preconcerted signal, threw themselves on the unarmed soldiers.

Ibsen and His Work.

A [illegible] recently arrived in New York tells this, says the New York Times:

[illegible] the Norwegian dramatist [illegible] at dinner asked [illegible] many words [illegible]

[illegible]

HALO OF HEVELIUS IS RARE

St. Louis Astronomer Talks of Unusual Phenomenon.

"The great halo of Hevelius observed recently at Cleveland, O.," said the Rev. M. S. Brennan, lecturer on astronomy at St. Louis university, to a reporter of the St. Louis Republic the other day, "is a phenomenon remarkable only for its rarity. It is produced by the same condition that gives us rainbows, parhelia, paraselenæ, sun dogs and a number of other halos about the sun and moon.

"All these are caused by light both reflected and refracted by vesiculous clouds—that is, clouds which carry small particles of water. In these the light is separated as in a prism, the white rays of the sun or moon coming forth in bars showing all the colors of the spectrum. That is refraction. If this is then reflected upon the earth, it is visible to us. We then see the various phenomena I have mentioned.

"The common sun ring, or halo, is at a distance of 22 degrees. There is another, less common, at a distance of 46 degrees. The third, very rare indeed, at a distance of 90 degrees, is that first accurately described by Hevelius about the time of [illegible], though observed previously. This has been seen since its description only seven times until the recent observation of the Rev. Frederick [illegible] of St. Ignatius' college in Cleveland.

"Though this observation has not yet been reported officially, I have no doubt it was [illegible] as related in the press dispatches. The atmospheric conditions over the country are now in a state calculated to exhibit such phenomena. This great halo may not be seen again in hundreds of years, or it might possibly appear every day for a week."

Excursion Rates.

For the benefit of the people who intend spending the holidays away from home, the Wheeling & Lake Erie will sell round trip excursion tickets to points on their line and on connecting lines, Dec. 24, 25 and 31, and Jan. 1; tickets good for return to and including Jan 2 1902. ANNOYING THE PRESIDENT.

Reply Sent to a Woman Who Lectured Him For Sabbath Breaking.

Among the annoyances of a president's life are the intrusions of well intentioned people upon his private and personal affairs, says Harper's Weekly. He is the common property of the nation. He has no home, or as little of one as the public is compelled to leave him. He is worse off than any private citizen in the country in this respect, for when he and his wife ask some friends to call on them on a certain day of the week persons who are not asked and who do not know them accept the invitation which was not given them and go also. Not so annoying perhaps are the people who open upon the president as teachers of personal morality. They have no delicacy. They rush in where they are not asked, and they insist that now the president is in the White House he shall conform his life to theirs, shall live as they think is right and is a monster of iniquity if he does not accept their tutelage. There is not a president who has escaped them, and there never will be until we have a score or so of presidents each of whom will not heed them, who will not answer their letters, who will insist on having his own habits and on living according to his own light and not according to the light of another.

We have recently had a temperance president who has been called a drunkard because some one said he saw him drink a glass of champagne at dinner. Denials of the truth of the statement merely whetted the appetite for objurgation. And now we have another president, a very abstemious man, who receives letters nearly every day whose writers express the regret that we have a "winebibber" in the White House. These letters, we are told, are not answered, but a reply was sent to the woman who reminded the president of the commandment, "Six days shalt thou labor," and then lectured him for Sabbath breaking. The reply was written by Secretary Cortelyou and was this:

"I am directed by the president to say that he goes to church on Sunday morning and takes his wife and children into the country Sunday afternoon.

"To which of these occupations do you object?"

Fountain Items.

The weather man is now making up for lost time. This is a little more severe than we should have asked for but we will have to make the best of it. There are probably a good many articles which would be useful about the house a day like this, that have been overlooked during the milder weather of the fall and early winter.

What would be more appropriate or acceptable for a Christmas present than a fine pair of Great Fluffy All Wool Blankets. We are prepared to help you at this juncture. The line is large including all grades of cotton blankets and pure wool ones from $3 50 to $4 50 a pair. Remember $4.50 will buy the Dresden factory blanket now. They have no equal under name for honest service. Large as a sheet. We have them in five colors

Our Home-made Outing Flannel Comforts at $1 25 are the cheapest we have ever sold. We practically donate the making as you would pay as much for the material as we charge you for them ready to wear. A big supply of them on hand.

Only a few of those $2 Silkaline Comforts left at $1.25.

We are looking for a great week in our Wrap Department. This is the first real winter we have had and yet you can buy your wrap at after holiday prices. About 50 new wraps were opened last Saturday—a belated shipment—they were all dumped at once into the special sale. This gives you an opportunity to select from a full stock and at prices you usually get only at end of season on "what's left." Hope our friends will improve this opportunity.

In Holiday Goods

Strictly speaking, we presume this will be a record breaker in Coshocton. We have never seen a week equal to the present one, as will be shown by the footings next Saturday night.

THE FOUNTAIN was never so well prepared to help you in your Xmas selections as now. Almost anything you desire you can find here. You'll be pleased when you see how much you will save by buying your supplies at THE FOUNTAIN.

BURNS WAS TOO PROUD

He Preferred to Suffer With His Family in a Wagon.

DEFIED THE POOR AUTHORITIES

When They Attempted to Show Him That the Lives of His Wife and Children Were In Danger.

Burns and his family passed through town Wednesday afternoon from the east. They belong in Chillicothe, and last summer fitted out a wagon for the purpose of driving through to Indiana. The wagon was covered with canvas, and drawn by a dirty white horse, as old and decrepit as the vehicle. They decided to return to Ohio by a northern route and going to the Pennsylvania line reach home by easy stages, but the cold weather caught them and they have suffered a great deal.

They presented an appearance calculated to excite pity as they passed through the city, but they said nothing to any one. Driving to a point near the Brown residence Burns unhitched his horse, built a fire and made himself and family as comfortable as possible. They had no stove in the wagon and what they suffered during the night can never be known. They put in the night as best they could and were very cold Friday morning.

Infirmary Director Baker, Superintendent Lennon and Trustee King learned of the family's condition. Upon investigation they found the family was composed of Burns, his wife and three children aged six months and two and three years. The thought of the infants being exposed to zero weather appealed to the officials, and they determined to move them to the infirmary at once and give them every care until the weather moderated enough to let them go on their way.

Burns, however, had other plans. He refused point blank to go to the infirmary or permit the authorities to look after his wife and children. He wanted to fight and declared he would not be taken nor would he permit his family to be removed from the wagon. Mrs. Burns caught up her infant and ran down the road in the snow fearing the officials would take it. Burns said he was determined to get home as soon as possible and he could not be induced to change his view.

So sturdily did the man maintain his position that the officials decided to let him pursue his way to live or freeze as he saw fit and the fates decreed. They had their trip for nothing, but they are yet unable to understand why any man would expose his helpless children to suffering and perhaps death when they could have warmth and comfort. What the family suffered Thursday can best be imagined.

J. H. GLOVER, SUICIDE?

Secretary of The Jewett Car Works Found Dead in Newark.

[Special Telegram to The Age.]

NEWARK, Dec. 20—J. H. Glover, secretary of the Jewett Car works and a former superintendent of the Baltimore & Ohio, was found dead here this morning.

A pistol found by his side prompts the belief that Glover committed suicide. No cause is assigned for the rash act.

MRS. HOAR SUES FOR DIVORCE

Because Her Husband is Serving a Term in the Penitentiary.

Mrs. Amelia Hoar has brought suit against her husband, Wakefield Hoar, because he is confined in the penitentiary serving a term for larceny.

Hoar was indicted by the grand jury at the May term of court for stealing money from his brother in law, Billy Gorham, at New Castle. He plead guilty and was sentenced to the penitentiary for a year.

Mrs. Hoar sets this forth in her petition for divorce, saying they were married July 24, 1894, and she faithfully performed her part as his wife. She wants her maiden name, Amelia Gorham restored.

FIVE MEN KILLED

Boilers Let Go in Pittsburg With Awful Results.

[Special Telegram to THE AGE.]

PITTSBURG, Dec. 20. Four boilers at Park Brothers' Diamond steel works exploded this morning with awful force. Five men were killed and 12 or more injured. Some of the injured will die.

The cause of the accident is unknown.

CUT A LIGHT WIRE.

Connections Were Broken And Coshocton Was Dark For Half an Hour.

Thursday afternoon a party of telephone linemen were drawing a wire through the alley between Fourth and Fifth when it dropped from its fastenings and fell on an important electric light wire. The man at the rope pulled harder and in a few minutes the telephone wire had cut through the other and lights went out. Complaints at once poured in at the station, but the accident was known there and a force under Superintendent Rikobrant soon had the break repaired. The accident caused some annoyance, but the promptness with which the light company repaired the break prevented consequences of any particular importance.

EIGHT DEGREES BELOW

It Was a Cold Morning and There Was Trouble in Town

Coshocton has become accustomed to zero weather the past week and when the early riser stepped forth to meet the morning mist he was not surprised to find the mercury comfortably resting at eight degrees below nothing. It had doubtless been colder during the night, and by 8 o'clock four degrees gave promise of a pretty day.

It was a pretty morning, the prettiest of the winter, and when Old Sol peeped through the mist he found every tree and wire in Coshocton covered with frost. Branches sparkled like Christmas trees and wires were heavy ropes stretching from pole to pole. It was a beautiful sight, and many a shivering pedestrian stopped and looked about in wonder.

PARALYZED SCHEDULES

Railroads Continue to Suffer Because of the Cold.

Passenger schedules on the Pan Handle have been suffering from partial paralysis for several days, and trains from the east have been hours late where in ordinary circumstances they are seldom behind more than a few minutes. The fast train west, No. 21, was five hours late Thursday, while the mail due here at noon did not arrive until the shades of evening were about to drop.

Trains from the west are almost all on time. The Pennsylvania has had many things to contend with since the cold wave began business between Chicago and New York.

A MERRY CHRISTMAS

Is in Store For Coshocton's Twenty-five Little Orphans.

NICE TOYS SENT TO THE HOME

Were Purchased by The Ladies of The County Board of Visitors—Success of The Experiment.

When Christmas morning dawns the 25 little waifs from Coshocton county who are being cared for at the Tuscarawas Children's home near Canal Dover, will find that their patron saint has not forgotten them. The success of the movement inaugurated by the ladies of the county board of visitors to give these little ones a merry Christmas has been marked.

When the plan was decided on several months ago the ladies asked contributions from the public, and jars were placed on counters in business houses. The people contributed of their small change and when the jars were opened they were found to contain $15. Mrs. Nugent, the matron, was asked for suggestions as to what the children would like best, and the ladies also used their own good sense in making purchases.

They bought books, wagons, dolls, handkerchiefs, gloves and a great many other things dear to the heart of the average child, and the Wooden Novelty company contributed building blocks, tool chests and pencil boxes, making a Christmas present that delighted the ladies.

The work was all done Thursday evening and the presents were packed in two large boxes and sent to the home. There they will be distributed Christmas morning, and if the good people of Coshocton who helped the ladies in the good work could see the little waifs as they enjoy their toys they would be amply repaid for their contributions.

The ladies who carried out the plan so successfully are Mrs. Rue, Mrs Ward and Mrs. Hay.

HIT BY A TRAIN.

Aged Mail Carrier at Franklin May Not Recover.

James Hummer, the aged mail carrier at Franklin, was struck by Pan Handle train seven this morning. He is believed to be fatally injured.

Hummer, who is 84 years old, had taken the mail from the village to the station for train ten and was standing near the west bound track when the accident happened. The engineer saw him and sounded the whistle, at the same time endeavoring to stop the train. But he was too late. Hummer did not hear him and was struck. He was hurled 25 or 30 feet through the air and alighted in a heap on the frozen ground.

A number of persons witnessed the accident, and running hastily to where Hummer lay picked him up. He was found to be badly hurt, and he was taken home to his aged wife. Doctor Carr was summoned from Coshocton. It was believed at 1 o'clock this afternoon that Hummer could not live, and his friends were anxiously awaiting the coming of the physician who left Coshocton as soon as he learned of the accident.

VERY SUCCESSFULLY

Has the Hot Water Heating System Stood the Cold.

The skeptics who believed the hot water heating would not endure in cold weather are acknowledging it to be the finest heat Coshocton has ever known. During the most severe weather of the cold snap the right temperature was maintained in every place where the system has been installed and praises for its efficiency are heard on every hand.

The company have a large force employed extending the system to buildings along the line. It has been placed in the second story of the Forbes building, and other places will be supplied as soon as possible.

SHOT OVER A DAM.

Steamer Totally Wrecked In a West Virginia Stream.

Charleston, Dec. 20.—At Paint Creek, the steamer Kanawha Belle went over a dam on her down trip, immediately broke in two and is now a total wreck. Eight of the crew, all deckhands and roustabouts, were drowned. All of the officers of the boat were saved, but some of them had narrow escapes. The sunken boat was owned by the Calvert Brothers. The river has been up for several days and there was a furious current at the lock and the pilot was unable to control the boat on approaching the lock. The Calvert, another boat owned by the Calverts, went to the rescue of the survivors and brought them here. Len Martin, a passenger on the boat, was rescued from the water but died from fright on his way to this city. The boat was valued at $10,000.

A LITTLE MORE SNOW

Will Make The Best Sleighing Coshocton Has Known in Years.

The presence of a little more snow would make glad the heart of every man in Coshocton who owns a sleigh, and liverymen would reap a harvest. People coming from the country say the roads are as smooth as in midsummer and if the snow was deeper sleighing would be unexcelled. As it is a number of sleighs and farm sleds come to the city every day and the occupants enjoy the sport in spite of the cold.

Ice is thick on the basins and many young people were skating last night. The presence of snow keeps a great many away while the cold has its influence. The ice is rough in some places and the sport is anything but ideal, yet the Coshocton man and maiden are not to be put out by trivialities of that sort. They fear real winter has come too soon to last.

GOOD MUSIC

Will Be Rendered at the Presbyterian Concert New Year's Eve.

Professor Hosmer, who has charge of the Presbyterian choir, has arranged for a concert to be given in the church New Year's eve. The program will include the best music the choir can render, including a number of solos. The excellent music rendered by the choir under the direction of Professor Hosmer insures a concert equal to any that can be produced by Coshocton talent, while the reputation of the organization will doubtless bring out a large attendance.

It is not strange when it's said that there are all kinds of theatrical companies traveling, and many are unsuccessful while some meet with big success. The latest to meet with the latter is Creed's Comedians who are presenting a complete and pleasing dramatic performance at the low price of 10 and 20 cents. OUR CHRISTMAS GIFT TO COSHOCTON COUNTY

A DARING EXPERIMENT, BUT WE SHALL PROFIT BY IT IN THE END.

The Christmas business of the Racket Store during the last ten days has exceeded all our expectations. We knew it would be big, but we underestimated the number of new friends this store has won during the last year.

We were anxious to have all our Christmas stock sold BEFORE CHRISTMAS. The crashing business we've been having convinces us that we chose the right method to do it. The custom of most stores is to put higher prices on goods during the holiday season. We resolved to try the experiment of making a Christmas gift to each of our patrons by

REDUCING PRICES ON CHRISTMAS GOODS.

It's working beautifully. What we lose by the reduced prices we are more than making up by greatly increased sales. We'll tell you frankly that on candy we have made no further reduction. We had already placed the price on candy at the lowest possible point. Extra salespeople have been engaged, so you need not fear that you won't be waited upon in the rush.

What have we for Christmas gifts? It would be easier to say what we have not got. It would take the entire newspaper to enumerate everything. There's "just the thing" for everybody, from baby to grandpa. There are—

Children's Dishes	Sterling Silver Novelties	Crokinole Boards
Toys	Skates	Toilet Sets
Games	Chairs	Clocks
Dolls and Doll Carts	Decorated Lamps	Handkerchiefs
Drums	Dainty China	Jewelry
Pianos	Water Sets	Linen Towels
Magic Lanterns	Table Sets	Medallions

CHRISTMAS CANDY.

Dainty, delicious. Every pound of it pure and wholesome. Many teachers and Sunday-school superintendents have already taken advantage of our candy special. It's candy that is usually sold at 20c and 25c a pound—worth it too. Here at.......... **10c**

The Want of Working People.

When the working man or woman feels sick—liver, stomach or kidneys are out of gear—then Dr. A. W. Chase's Kidney-Liver Pills do a world of good acting directly on these organs and the bowels.

BAY CITY, MICH.

Mr. L. H. Mann, [illegible] Columbus Avenue, Bay City, Mich., by overwork and too assiduous attention to his business brought on an attack of kidney trouble which made it necessary for him to leave off working at times. He states: "On the recommendation of Mr. Geo. Leyer, druggist of this place, I purchased a box of Dr. A. W. Chase's Kidney-Liver Pills for my kidney trouble. They acted so well in relieving my pain and backache that I persisted in the use of them until perfectly cured of my trouble. I am a well man now, thanks to the use of Dr. A. W. Chase's Kidney-Liver Pills."

FRIENDSHIP, N. Y.

Mrs. Mary Latham writes: "About one year ago I wrote to Dr. Chase about my sickness and asked his advice. For years before that I had suffered a great deal of pain with my back. This was brought on by kidney disorders. My stomach and liver were in terrible shape also. I treated with a doctor for a long time, but never got any real relief until Dr. Chase sent me a box of his Kidney-Liver Pills. I began to improve immediately and found a real cure in them."

Schley and Sampson.

Washington, Dec. 23.—In the house Representative Pearre (Md.) introduced a bill to revive the grade of vice admiral of the navy, and authorizing the appointment of Winfield Scott Schley, William T. Sampson and Charles E. Clark to that grade. As Mr. Pearre represents the district from which Mr. Schley comes and has been an active adherent of the admiral, the proposition to unite Admirals Sampson and Schley and Captain Clark of the Oregon in advancement to the rank of vice admiral is regarded as a conciliatory step. A similar measure was introduced in the senate.

Postmaster Payne Talks.

Milwaukee, Dec. 23.—Henry C. Payne, the newly appointed postmaster general, accompanied by Mrs. Payne, arrived in Milwaukee from the east. Mr. Payne declined to be interviewed in regard to his policy as postmaster general. He said the portfolio was the only one on the list that he would have accepted, and that it came to him personally through President Roosevelt. Mr. Payne said that President McKinley had offered him various missions during his incumbency, but [illegible] of which he could see his way clear to accept.

In the Senate.

Washington, Dec. 23.—In the senate the bill to temporarily provide revenue for the Philippine Islands which was passed by the house of representatives Thursday, was referred to the committee on Philippines. Senator Hanna introduced a bill granting a pension of $5,000 per year to Mrs. McKinley, widow of the late president. After a brief executive session the senate adjourned till Jan. 6, 1902.

OUR CHRISTMAS GIFT TO COSHOCTON COUNTY

A DARING EXPERIMENT, BUT WE SHALL PROFIT BY IT IN THE END.

The Christmas business of the Racket Store during the last ten days has exceeded all our expectations. We knew it would be big, but we underestimated the number of new friends this store has won during the last year.

We were anxious to have all our Christmas stock sold BEFORE CHRISTMAS. The crashing business we've been having convinces us that we chose the right method to do it. The custom of most stores is to put higher prices on goods during the holiday season. We resolved to try the experiment of making a Christmas gift to each of our patrons by

REDUCING PRICES ON CHRISTMAS GOODS.

It's working beautifully. What we lose by the reduced prices we are more than making up by greatly increased sales. We'll tell you frankly that on candy we have made no further reduction. We had already placed the price on candy at the lowest possible point. Extra salespeople have been engaged, so you need not fear that you won't be waited upon in the rush.

What have we for Christmas gifts? It would be easier to say what we have not got. It would take the entire newspaper to enumerate everything. There's "just the thing" for everybody, from baby to grandpa. There are—

Children's Dishes	Sterling Silver Novelties	Crokinole Boards
Toys	Skates	Toilet Sets
Games	Chairs	Clocks
Dolls and Doll Carts	Decorated Lamps	Handkerchiefs
Drums	Dainty China	Jewelry
Pianos	Water Sets	Linen Towels
Magic Lanterns	Table Sets	Medallions
Sleds	Blown Tumblers	Wall Pictures

CHRISTMAS CANDY.

Dainty, delicious. Every pound of it pure and wholesome. Many teachers and Sunday-school superintendents have already taken advantage of our candy special. It's candy that is usually sold at 20c and 25c a pound—worth it too. Here at.............................. 10c

A Very Fresh Official.

San Juan, Porto Rico, Dec. 20.—Advices received here from Mayaguez say that a municipal judge of that city has seized an edition of LaVoz de La Patria, a newspaper published in the interests of the Federal party. The paper printed an article criticising the municipal physician, who is a Republican. The physician did not file a libel suit against the paper. James S. STABBED TO DEATH.

Prominent Man and His Wife Hacked at Their Home.

MYSTERY ENVELOPS THE AFFAIR.

Husband Served Through the Civil War In an Ohio Regiment. Three Dropped In a Fierce Street Battle. Lone Bandit Loots a Bank. Day's Record of Crime.

Parsons, Kan., Dec. 20.—The bodies of Colonel John F. Bull and his wife Carrie were found in the bedroom of their new home, stabbed to death. It is the belief of their friends that they were murdered, yet the house was securely locked and had not been robbed. Colonel Bull was last seen alive Tuesday night. When the marshal forced an entrance Mrs. Bull was found lying upon the bed with her head extended over the edge, her skull crushed and brain protruding. She was also stabbed in the right side of the body and a quantity of blood was in a jar by the side of the bed. About five feet distant Mr. Bull's body was lying upon the floor face downward beside an overturned chair. An open pocket knife was lying near him, but was without bloodstains, and there was little evidence of a struggle. Colonel Bull was a wealthy real estate dealer and an old soldier, having served through the civil war in an Ohio regiment.

Bandit's Feat.

Fayetteville, Ark., Dec. 20.—The bank at Springdale 10 miles from here, was robbed by one man. No one was in the bank except the assistant cashier. The robber drove up to the bank door in a buggy and walked to the cashier's desk before he was noticed. He compelled the assistant cashier to go to the vault and give him all the money, about $7,000. While this was taking place a citizen walked into the bank. He was at once covered by the robber with his revolver and made to throw up his hands. The robber then hurriedly left the bank, dropping $1,000 upon the sidewalk. He jumped into his buggy and drove rapidly away. Officers were in pursuit before he was fairly out of town. Two miles out the officers came in sight of him and he jumped from the buggy and made his way to a thickly wooded mountain. Bloodhounds have been put upon his track.

Bloody Battle.

Russellville, Ala., Dec. 20.—Henry Williams, wanted to answer a charge of cattle stealing dead; Frank McClurg, merchant, desperately wounded, shot through the intestines, Tom Williams, brother to Henry, shot in the arm and breast, escaped, is the result of a battle here between City Marshal Ben Parrett and Deputy Sheriff Hargett on one side and the Williams brothers on the other. Henry Williams was indicted here several years ago for stealing cattle, but escaped to Indian Territory. Getting into trouble there, he returned here recently and officers have since been looking for him. He was seen to enter McClurg's drug store, while Tom stood guard near the back door. The officers started into the store when Tom fired at Barrett and the battle was on.

Miller's Attorney Indicted.

New York, Dec. 20.—An indictment was found by the grand jury against Robert A. Ammon, counsel for William F. Miller of the failed Franklin syndicate. The specific charge is that Ammon secured from the Wells Fargo express company $30,500 of Franklin syndicate money, which it is claimed he knew at the time was stolen.

Cold-Blooded Deed.

Centerville, Tex., Dec. 20.—L. T. Exum, a farmer living near here, went home and when his wife objected to his shooting into the floor about her feet he shot her dead. He carefully laid her on a bed with the assistance of his children and then blew out his own brains.

House Proceedings.

Washington, Dec. 20.— Before the house adjourned over the holiday recess a special order was made for the consideration of the Nicaragua canal bill beginning on Tuesday Jan. 7, and to continue until the bill is disposed of, the order not, however, to interfere with revenue or appropriation bills. The session of the house was brief, the major portion of the time being occupied by [illegible] making a personal explanation [illegible] Jan. 6, 1902.

Race Against Death.

South Bend, [illegible] —Frank T. Summon of Valparaiso [illegible] is [illegible] death so that he can again see his sweetheart, who is racing across the continent as fast as trains can carry her. Pretty Lillian Griffiths is only 17 years old but she has loved Summon since he came home from school. Summon, who is a social leader in Valparaiso, is known all over northern Indiana. He was a son of J. C. B. Summon, mayor of Valparaiso, and the future before him was bright. Last summer he was taken very ill, and hoping to improve his health went to the Pacific coast.

Frightful Fall.

Charlotte, N. C., Dec. 20.—Ross Trissell, a young white man employed at the Union copper mine at Gold Hill was knocked out of the bucket in which he was coming from the shaft at the end of his work, falling 500 feet to the bottom. His body was brought up shortly afterward a mass of jelly.
